Introduction

This updated plan (Jan 2009) has been developed through the following processes and should be regarded a '**living document**' which will be revised on a regular basis. Multi-agency Extended Services Workshops took place in **2006** and **2007**, followed by extensive piece of consultation work with families in Portchester to develop a local vision and priorities. Two Multi-agency Area Steering Groups (Cams Hill & Portchester) were set up to agree these visions, priorities and actions; sub-managed by a representative 'Management Group'. From **20th January 2009** the Cams Hill Steering Group and the Portchester Extended Services & Children's Centre Partnership Board shall merge into a combined Joint Extended Services Partnership Board. This shall further strengthen decisions for allocation of funds, project management and implementation of our Area Plan.

The Joint Partnership Group shall review priorities and terms of reference in **January 2008** reflected in this updated action plan.

The **key priorities** (in no specific order) identified for the Fareham East area are:

- 1. **Extended school youth provision**: somewhere safe for our young people to enjoy childhood, without experiencing prejudice or discrimination*
- 2. **Information effectively signposted**: paper & web-based directory of opportunities, activities & support for CYP & their families*
- 3. **Supporting parents & carers**: de-stigmatised support through parenting courses/transition sessions/smooth referral to other family/parent support agencies*
- 4. **A rich & varied, fully inclusive menu of activities** (including study support) for all children & their families to enjoy*
- 5. **Excellent childcare and early years provision for families** irrespective of their personal circumstances*
- 6. **Multi-agency working**: to ensure that **every** child in East Fareham remains safe, happy and has the best possible start in life.*

2008-2010

This plan is to run until 2010, when all schools in UK are required to be '**Fully Extended**' by the DfES. For an overview of Extended Schools please visit: www.teachernet.gov.uk/extendedschools to view the DfES document "*Extended Schools: Access to Opportunities and Services for All: A Prospectus*" (2005).

The East Fareham cluster schools have reached the designated targets set by the DfES for "**Full Core Offer Extended Services**" by summer 2008; however we still have a great deal of work to do in the next few years to firmly embed extended services into the everyday culture of our local schools and to increase the range and variety of extended services available to every child.

The plan will need regular updating and amending, in order to reflect changing needs and resources

The East Fareham **Vision and Action Plan** can be found on the following pages. For further clarification, appendices can be located at the end of this document, including Every Child Matters/Extended Services (ESM/ES) abbreviations and your Extended Services Coordinator (ESCO) contact information.

Consultation documents used to shape and develop this plan in response to local need can be viewed at:

Our Vision

A shocking UNICEF report in 2007 found that the United Kingdom came **last** in a list of 21 countries for child well-being (based on the United Nations Convention on the Rights of the Child). It stated that the true measure of a nation's standing is the well-being of its children: their health and safety; their material security; their education and socialisation; and their sense of being loved, valued and included in the families and societies into which they are born.

Fareham East Extended Services Partnership Group is committed to upholding the rights of children and young people, as set out in the United Nations Convention on the Rights of the Child. We wish to make Fareham East a place where children and young people, including those who are vulnerable or disadvantaged, have the best possible start in life and are supported by the whole community to reach their potential.

Fareham East Extended Services is committed to the United Nation Convention on the Rights of the Child –with a commitment to make ours an area in which:

- Children and young people, their families and carers have the support, skills and resources to help them explore their dreams.
- Places of learning help children and young people to be confident and happy.
- Children and young people feel safe and are free to explore their world and take risks.
- We work together to make space for children and young people to enjoy childhood.
- All children and young people have someone to talk to and somewhere to go when they need it.
- All children are valued and have our help, support and love, including when they are in trouble.
- All children and young people feel included and cherished, whatever their background or beliefs and wherever they come from.
- Mental health services are there for children and young people when they need them.
- Children and young people play an active role in shaping the services and activities for them.
- The good things that children and young people do are shown fairly in newspapers, on television and in other media.

FAREHAM EAST SCHOOL CLUSTERS

EXTENDED SERVICES GRANT FUNDING

Extended Services Grant Funding is available that may be useful for capacity building the extended schools' communities. In total there is £14,000 remaining for this financial year (ending July 2009) and it would be reasonable to consider that some equity of distribution is desired. To apply for an extended services grant there must be, at the very least, a clear plan for what is to be done, the size of grant required and the intended outcomes and rationale behind the proposal. You are welcome to discuss your extended services project plan with the Extended Services Coordinator prior to submitting the grant application form below.

Consideration & agreement for extended services projects will be made by the Joint Extended Services Partnership Board by consensus. For urgent grant requirements, the management group may make a decision via e-mail. Fareham Community Action will facilitate any conflicting or competitive action by negotiation with key partners.

Grant applications should be completed and returned, or at the very least discussed with the ESCO by **Monday 2 March 2009**.

Please return completed forms to Susie Higgs electronically at: shiggs@farehamaction.org.uk
